Counter and bar height stools with upholstered back

Seating shown in Allante FRee, Bright White. Mesh backs shown in Natural.

The design savvy VionTM family is at home in any work environment, offering the broadest range of models and ergonomic features. There's a Vion for everyone. Multiple back heights, two seat widths, five mechanisms, mesh or upholstered back and heavy duty models maximize choice. With the inclusion of height adjustable stools, guest seating, counter and bar height stools, the Vion family becomes an excellent choice for the workplace, education and healthcare environments.

Vion, a better workday

Vion is no ordinary office chair. Designed by Zooey Chu, Vion's unique back and optional lumbar adjustment provides exceptional comfort throughout the workday. Tailor the chair to your shape with adjustable seat depth and armcap sliders. Fine-tune the back tilt and lumbar to prevent muscle fatigue and support your posture.

Additional information can be found on the Global website.

Vion has your back

Vion's mesh backs are available in ten colors, with two frame finishes (Black and Fog) and an infinite variety of seat textiles making it easy to personalize the aesthetic. Fully upholstered models are also available, making Vion adaptable to any work space.
